

## The Southern District

Founded in 1962, the Southern District consists of Tennessee, Alabama, Mississippi, and the panhandles of Florida and Louisiana, with a combined population of over 15 million people

In spite of the South being referred to as the "Bible Belt of America", the vast majority of people do not have a personal relationship with Jesus Christ. But because of the proliferation of churches we have found that people are quite open to the gospel of Christ, and schools and public facilities are more readily available than one would find in other parts of the country.

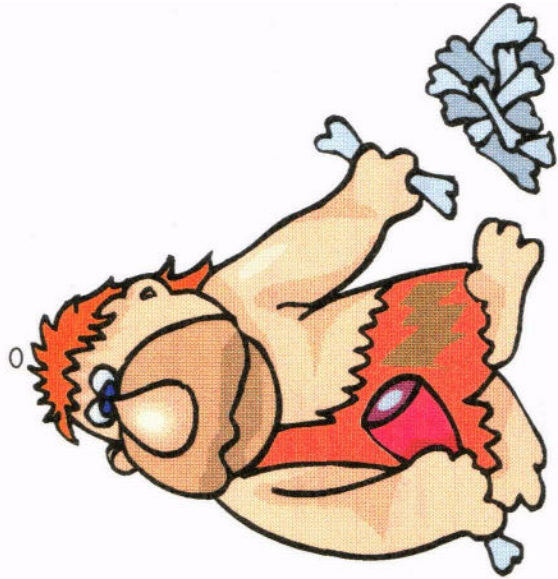

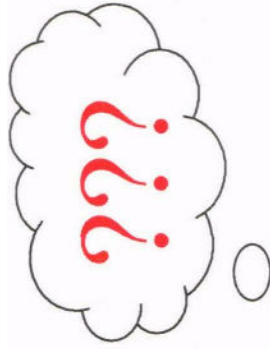

The beauty of the South is quite profound. Rolling hills, lakes, rivers, mountains, beaches and recreation of every kind is the norm. Cost of living and employment is very good and homes are affordable. Southern hospitality is not just a myth ... it is a reality. Folks are friendly and accepting. It is truly a nice place to live and raise a family.

It is our vision and goal to more than double in size within the next few years. *Is God calling you to step forward and become a part of our team?* You need to know that we are going to move carefully and cautiously in the application, screening and selection process. We expect to find visionary people who will, if necessary, raise their own support or serve in secular employment until the church is self-supporting. This requires a very dedicated person - a "Wildwarrior" for God. We believe there are at least 30 people who will become a Southern District "Wildwarrior" and courageously follow God's leading to plant healthy, reproducing Alliance churches throughout the South!
